OPEN TO ALL MAKES AND MODELS! RAIN DATE—Sunday May 10, 2020

WHERE: Metropolitan Community College - Blue River 20301 East 78 Highway, Independence, MO 64057

Our venue is the Metropolitan Community College Blue River Precision Driving Center. This is a multi-purpose venue used by the Metropolitan Community College to train law enforcement officers and students the vehicular control skills they will need out in the field. The portion of the site used for this event includes a 400' by 400' concrete pad for paddock and grid, and a highly configurable urban track offering a mix of concrete and asphalt surfaces. There are no curbs anywhere on site, and there is ample run-off room in case a competitor experiences an off-course excursion.

Directions to site:

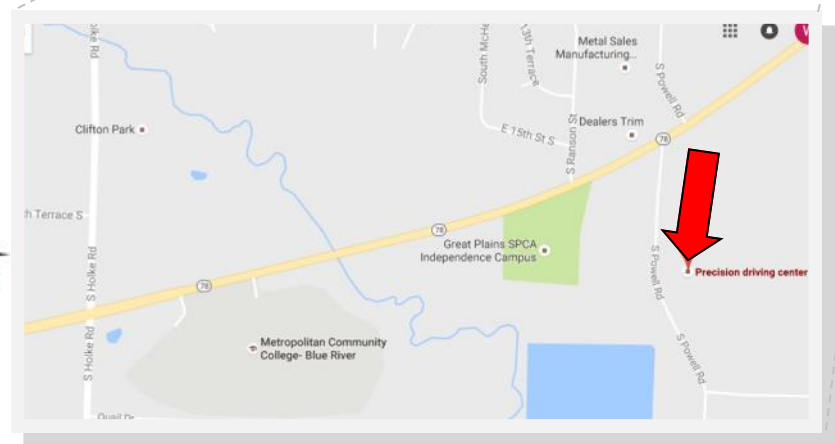

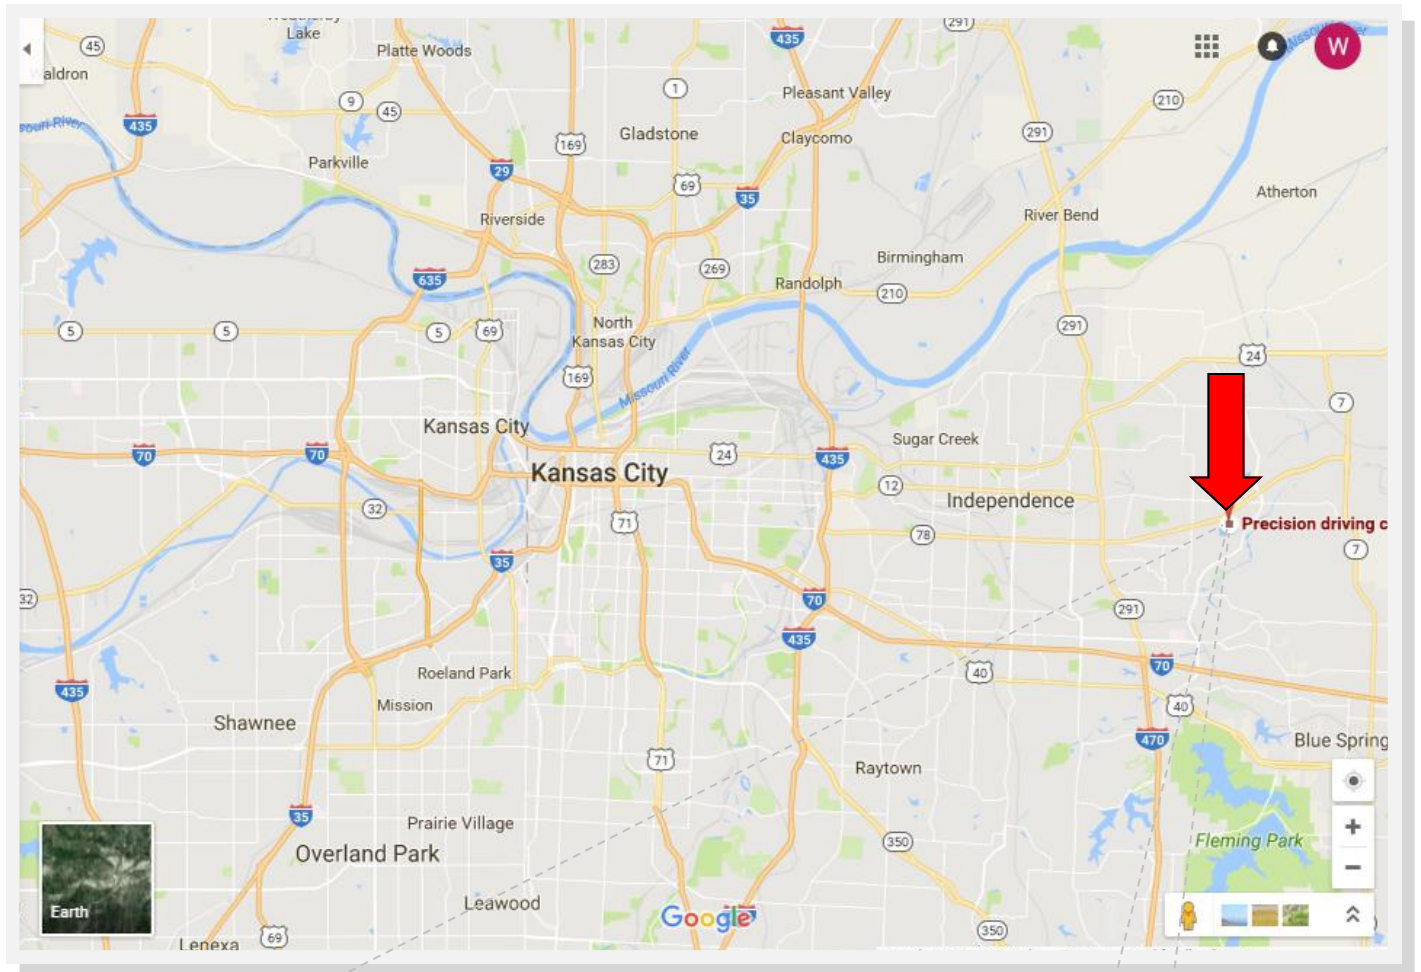

- Take I-70 to Highway 291 North (Independence)
- Take 291 North about 2 miles to 23rd Street / Highway 78
- Turn right (east) on 23rd Street / Highway 78 and go east for about 2 miles to the Metropolitan Community College.
- Proceed past the College and the SPCAA east on Highway 78 about another 1/2 mile.
- At the bottom of the hill, there is a road to the right, Powell Road, that leads to the Precision Driving Center. There will be a banner marking the location visible from the highway.
